

MRUNAL SAOJI

DATA ENGINEER

I am a Data Engineer who specializes in designing, building, and maintaining data infrastructure for organizations. My goal is to ensure that data is efficiently collected, processed, and stored, so that it can be used to drive business decisions and insights. I have a deep understanding of various data storage solutions, data processing tools, and data visualization techniques, and I am always looking for ways to optimize and improve data workflows.

SKILLS

- SQL, Python, JavaScript, Powershell
 - Snowflake Data Platform, Databricks, Azure Data Factory
 - ARM template Manipulation, Git
-

EDUCATION

**S. B. JAIN INSTITUTE OF TECHNOLOGY,
MANAGEMENT AND RESEARCH**
Bachelor of Engineering in Electronic and
Telecommunication

University of Nagpur | 2016 - 2020

EXPERIENCE

TATA CONSULTANCY SERVICES

Nagpur Mihan 2021- 2024

I worked extensively with Snowflake, leveraging its cloud-based data warehousing capabilities to create and manage large-scale data infrastructure. I also have experience with Databricks, using its collaborative platform for big data processing and analytics.
